4. Vehicular traffic observed in the Liesing-Bredau-Kalksburg area involved:

Trucks

Jeeps

All of the drivers wore black-bordered blue epaulets.

Soldiers wearing red-bordered black epaulets were observed in the roads of the town mostly near the kommandatura or Soviet shops. No quartering facility occupied by personnel with this service color was identified.

 Comment. The Liesing, Kalksburg and Bredau military posts are occupied by elements of the Hq Fifty-Ninth Air Army. It is believed that building No 370 on Breitenfurter Strasse houses the kommandatura and that Wieselmuehle serves as ration supply depot. It has not been determined to which unit the observed army soldiers belong.
